

THE MCGAW YMCA

Emerging Leader Program Managing Work Evaluations

What did you like?

- Very useful info
- Great information; thought provoking
- Loved the videos that showed different thoughts on managing work; love the coffee and snacks at the beginning
- Very applicable tools
- Kept a good pace; engaging slides and presentation; interactive
- The [unreadable] planning exercise with sticky notes; the goal planning exercise

What didn't you like?

- Pace could have been slower
- Too much and too fast! Would have loved to break these apart and take more time on activities
- Partner rehearsing (easier in large groups)
- Some of the videos were a reach in connecting the point

What would you like?

- More time for activities

Anything else?

- I don't have much feedback, I enjoyed your sessions and they gave me a lot to think about.
